

SIEPA

Dear Prospective Investor,

The recent signing of the Stabilization and Association Treaty with the European Union has placed Serbia in the leading position among the most potent South-East European economies.

Increased public interest and revived investment community attention indicates that Serbia has now entered a new, exciting phase of its development and that the abundance of opportunities needs to be properly channeled towards most plausible projects and highly sought-after investments.

Serbia Investment and Export Promotion Agency (SIEPA) is a government organization dedicated to effectively assisting foreign investors and buyers, while raising Serbia's profile in the minds of international business decision-makers. As an organization whose mission is to support foreign companies seeking to set up or expand in Serbia we strongly support the initiative of establishing NIS Investment Forum and encourage you to participate in this exciting event.

Sincerely yours,

Bojan Jankovic
Deputy Director, SIEPA
